

Dear CPS Families,

We understand that with the re-opening of school, many parents may be interested in exploring a change in the current model of their child's education. The district's goal for this email is to share with you next steps in this process. Below are three options to consider when evaluating the best educational model for your child. Please note that each option is dependent on staffing and space availability. **This is the last planned opportunity** for all parents to request a change in placement for this semester.

Option 1 - My child is currently in-seat and we wish to move to CPSElementary@Mizzou

- 1) Please contact our building secretary and request to be placed on a waiting list for CPSElementary@Mizzou.
- 2) The deadline for this request is Oct. 23.
- 3) Families will be contacted in November if there is a space available. At that time, parents will be given the opportunity to accept or decline the change.

4) Please note that if your child moves from our building and into CPSElementary@Mizzou, he/she will be changing teachers and classmates.

5) All transfers to CPSElementary@Mizzou will take place in November.

Option 2 - My child is currently with CPSElementary@Mizzou but wants to return to the building for learning.

- 1) Please contact our building secretary and request to be placed on a waiting list for our school.
- 2) The deadline for this request is Oct. 23.

3) Families will be contacted in November if there is a space available for their child. It is our goal to have all of our students back in our building, and every effort will be made for your child to return to a classroom within our building. However, if this is not an option due to class size or staffing, families will be notified which building has an opening in your child's grade-level. At this time, parents will be given the opportunity to accept or decline the change.

4) Please note that if your child moves from CPSElementary@Mizzou and into a building, he/she will be changing teachers and classmates.

4) Should your child require transportation, it will be provided.

5) All transfers to our school will take place in November.

6) CPSElementary@Mizzou students will be offered another opportunity to return to in-seat learning in January, as originally planned. If you choose to move your student back to in-seat in January, please do not add your name to the waitlist now. We will collect that information after the November placement date.

Temporary Bridge Option for those on a waiting list for CPSElementary@Mizzou.

- 1) This is a bridge option for asynchronous learning for those families who do not wish for their child to return to the building. This option does not include live teaching and the student will be self-paced. This option will be available while families wait for a spot in the CPSElementary@Mizzou program.
- 2) Please contact our building secretary and notify her that you would like your child to be on the waiting list for CPSElementary@Mizzou.
- 3) Please note that if your child moves from our building and into CPSElementary@Mizzou, he/she will be changing teachers and classmates.
- 4) Please understand that if you choose this option and later choose to return to in-person learning, you will be assigned to an open space in your grade-level. This may or may not be in our building.
- 5) More information about the start date for this temporary option will be coming soon.
